LOGNOTE -- Chief, Operations Group, 29 April 1983

1. [] RECRUITMENT-- []
[] and I met today to discuss the status of Ops Group recruitment. All components of Ops are under T/O and must intensify recruitment efforts. [] will soon have completed a brief description for each position in MOD; this will suffice for PMCD to put the positions on the books and we can then recruit to fill them. MOD will draw some people from DRD, which will make DRD's shortage of editors even more severe. DRD, ED and possibly MOD will be making recruitment trips to colleges this fall. All Ops components will also review current vacancy notices.
